Guardians of Democracy Program Description

Developed in partnership between the Lou Frey Institute at the University of Central Florida and IllinoisCivics.org, the Guardians of Democracy Program is an online professional development program with extended learning opportunities for interested 6-12 educators. Our goal is to support a national professional development program and establish a network of certified educators across disciplines that embrace the proven practices of civic education to empower young people for college, career and civic life success.

The course series provides instruction on (1) strategies for current and controversial issue discussions in the classroom, (2) the role of simulations of democratic processes in the classroom, and (3) informed action through service learning. This program is hosted and administered through Free for Teachers Canvas, an open learning management system.

The Guardians of Democracy Silver Distinguished Educator in Informed Action Through Service Learning Badge recognizes the successful completion of extension work in a second course to demonstrate competency in facilitating Informed Action through Service Learning course. This badge certifies that a recipient can successfully create, edit and implement a plan of action and engage students in reflection. This badge also certifies that a participant engaged in an instructional coaching cycle and reflective practice.
